

Online Training

CPR and first aid training just got easier for you and your staff! Join the thousands of businesses like yours that have discovered the benefits of online CPR or first aid training!

Nationally Accredited

Think Safe offers Nationally Accredited online CPR or First Aid certification training. Online multimedia training is accepted by the U.S. Government, OSHA, and many other certifying authorities. Thousands of physicians, dentists, nurses, teachers, coaches, industrial workers, and foster parents have been certified with online training.

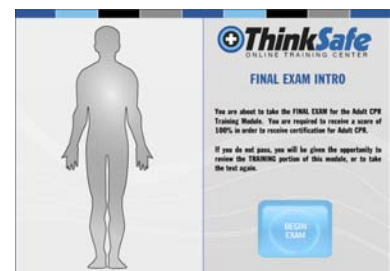

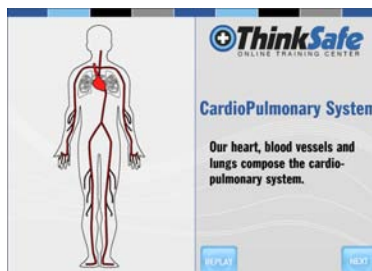

The Think Safe Online Training is accredited through the American Heart Association (AHA), a national training organization that meets ECC guidelines including all fifty states' training requirements. Think Safe follows the same accreditation guidelines as the AHA and Red Cross.

Online Training Benefits include:

- ✓ Availability of training at any time with Internet access
- ✓ Less time used with a course length of 30-60 minutes versus several hours with an instructor
- ✓ Approved method of CPR or First Aid certification issued from the AHA
- ✓ Significant savings on the class itself and the amount of time spent by employees
- ✓ Scheduling flexibility of training one person at a time versus coordinating a group
