

Online Training

CPR and First Aid Training just got easier for you and your staff! Join the thousands of businesses like yours that have discovered the benefits of Online CPR or First Aid Training!

Nationally Accredited

Think Safe offers Nationally Accredited online CPR or First Aid certification training. Online Multimedia training is accepted by the U.S. Govt., OSHA and many other certifying authorities. Thousands of Physicians, Dentists, Nurses, Teachers, Coaches, Industrial Workers, Foster Parents, have been certified with online training.

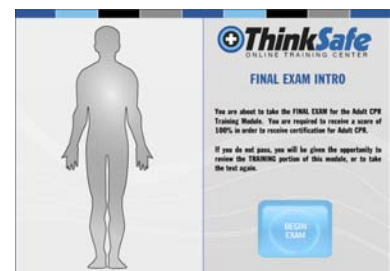

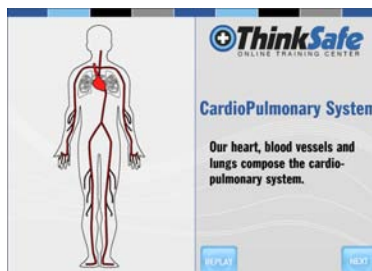

The Think Safe Online Training is accredited through the American Health Association (AHA), a national training organization that meets ECC guidelines including all fifty states training requirements. Think Safe follows the same accreditation guidelines as the AHA and American Red Cross.

Online Training Benefits include:

- ✓ Students can take the training at any time from any computer with Internet access
- ✓ Takes less time, with a course length is 30-60 minutes versus several hours with an instructor
- ✓ Approved method of CPR, or First Aid certification issued from the American Health Association
- ✓ Significant savings on the class itself and the amount of time spent by employees
- ✓ Scheduling flexibility of training one person at a time versus coordinating a group
